

VALUE BATTERY

High Production Fryer At An Affordable Price 
14GS-FM SERIES

-  **Save Money** - Longer Lasting Oil [See Reverse Side For Details]
-  **Save Time**- Built-In Filtration
-  **Improve Safety** -No Splashing or Spilling Hot Oil

TUBELESS, OPEN VAT DESIGN

2 TWIN BASKETS PER POT

RACK TYPE BASKET SUPPORT & LIFT OFF BASKET HANGER (STAINLESS STEEL)

STAINLESS STEEL SIDES, FRONT, DOOR & FRYPOT

MILLIVOLT CONTROL

BATTERY SPARK IGNITOR

DRAIN PIPE EXTENSION & CLEAN OUT ROD

BUILT-IN FILTER MATE FILTRATION

AVAILABLE IN 2,3 & 4 FRYER CONFIGURATIONS

SAVE \$65,000

WITH BUILT-IN ANETS FILTER DRAWERS

Saving thousands every year couldn't get any easier with Anets Filter Drawers. The Filter Drawer offers a 3" drain line, a simple two step filter process and will pump 8 gallons of oil per minute. Add a Filter Drawer to your fryer today and start saving money tomorrow.

10 YEAR SAVINGS: ADDING A FILTER DRAWER

BASED ON 3 FRYERS PER STORE & REDUCING OIL COST BY HALF

Cost Per 35lb. Jug		\$20	\$25	\$30	\$35
Cost Per lb.		\$0.57	\$0.71	\$0.86	\$1.00
Cost Per Gallon		\$4.00	\$5.00	\$6.00	\$7.00
DAYS BETWEEN REPLACING OIL	1	\$156,429	\$195,536	\$234,643	\$273,750
	2	\$78,214	\$97,768	\$117,321	\$136,875
	3	\$52,143	\$65,179	\$78,214	\$91,250
	4	\$39,107	\$48,884	\$58,661	\$68,438
	5	\$31,286	\$39,107	\$46,929	\$54,750
	6	\$26,071	\$32,589	\$39,107	\$45,625
	7	\$22,347	\$27,934	\$33,520	\$39,107

Three 50lb fryers equals 150lbs of oil. If the oil is replaced every 3 days at a cost of \$25 per 35lb jug then the ten year oil cost is **\$130,000**. Cut that cost in half with oil filtration by doubling the days between each oil change.*
